

Running Software Update

Click on the Apple menu and select Software Update

Many updates will be selected by default and should not be unchecked. Select any other updates you wish to install and click the Install button.

Software Update

New software is available for your computer.

If you're not ready to install now, you can use the Software Update preference to check for updates later.

	Install	Name	Version	Size
▶	<input type="checkbox"/>	AirPort Software	4.2	14.3 MB
	<input type="checkbox"/>	Final Cut Express	2.0.3	8.3 MB
